EDUCATION

Aspiring Full Stack Web Developer (React)

Masai School , Bangaluru

Diploma in Electronics & Telecommunication

Kalaniketan Polytechnic College
January 2021 - July 2023

TECHNICAL SKILLS

JavaScript | Node.js | HTML5 |
React | Express.js |
RESTful APIs | CSS3 | MongoDB |
Git | Redux

SOFT SKILLS

Effective Communication |
Teamwork | Problem Solving |
Adaptability

INTERESTS

- Gaming | Traveling

Shrikant Verma

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer with expertise in JavaScript and proficiency in the MERN stack, including React, Node.js, Express.js, and MongoDB. Adept at leveraging Generative AI and adopting new technologies swiftly, ensuring the delivery of scalable and efficient web solutions. Driven by a passion for collaborative development and continuous enhancement of processes and code quality.

PROJECTS

1. Notes | |

JavaScript | React | Git | Node.js | Express.js |

MongoDB | RESTful APIs | HTML5 | CSS3 |

Responsive Web Design

- Developed a full-stack notes application using the MERN stack, enabling users to create, update, and delete notes efficiently.
- Designed and implemented server-side RESTful APIs using Node.js and Express.js to support seamless data retrieval and storage operations.
- Created dynamic and responsive frontend components with React.js, enhancing the user interface and experience.
- Optimized database schema and queries in MongoDB to ensure efficient and scalable data storage.

2. Pizza website | |

JavaScript | HTML5 | CSS3 | Responsive Web Design |
Git

- Collaborated with designers to create a responsive and user-friendly interface for the pizza website using HTML5 and CSS3.
- Developed client-side functionalities in JavaScript to enhance user interactions and improve website performance.
- Utilized Git for version control, ensuring efficient and systematic tracking of changes throughout the development process.
