Shrikant Verma

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer with strong proficiency in JavaScript, Node.js, and React for building scalable web applications. Skilled in RESTful APIs, MongoDB, and seamless front-end/back-end integration. Quick learner with a proactive attitude, adept at using Generative AI and adapting to new technologies swiftly.

PROJECTS

1. Pizza website | |

JavaScript | HTML5 | CSS3 | Responsive Web Design | Git

- Developed a responsive pizza ordering website using HTML5, CSS3, and JavaScript to provide a seamless user experience.
- Utilized JavaScript to create dynamic and interactive features, enhancing user engagement.
- Implemented a mobile-first design approach to ensure compatibility across various devices and screen sizes.
- Optimized frontend performance to ensure fast loading times and an efficient user experience.

2. E-commerce Website (Currently working) |

JavaScript | Git | React | Node.js | HTML5 | RESTful APIs

- Collaborated with product managers and designers to translate project requirements into a functional e-commerce website.
- Developed and optimized frontend components using React.js and Tailwind CSS to enhance user experience.
- Designed and implemented efficient server-side APIs with Node.js to handle user transactions and data requests.
- Integrated the frontend components with backend RESTful APIs ensuring seamless functionality.
